### A little history

For a very long time, the Montreux region was nothing but a group of little villages and hamlets, some dating from Roman times.

From the 19<sup>th</sup> century onwards, tourism literally took off in Montreux, thanks to the arrival of the railway line and promotion of the region by many famous writers and artists, in particular Jean Jacques Rousseau.

The First World War put an end to this golden age, yet, despite the trials and tribulations caused by both world wars, tourism remained the main local economic activity. Since then, Montreux has greatly diversified and reinforced its offer thanks to the development of the convention sector and the numerous internationally renowned events in its diary.

The commune of Montreux was officially founded on 1<sup>st</sup> January 1962 with the merger of the communes of Châtelard and Les Planches. Ever since, the commune has always presented itself as a confederation of small villages, each retaining its own identity.

## By car

The speed limit is usually 50 km/h in the city or 30 km/h in certain neighbourhoods and villages. Drivers must always stop to let pedestrians cross the road at marked crossings!

A road tax sticker is compulsory to drive on the motorway. It can be purchased for CHF 40.– in post offices and some shops.

### 30 km/h zones: what you need to know

*Give way to the right* must be applied at all junctions with the exception of property exits and in the case of a sign-posted change of right-of-way. Pedestrians may cross the road wherever they wish. For this reason, there are usually no marked pedestrian crossings in 30 km/h zones.

## Mobility

Would you rather not have the burden of a private car? Mobility allows you rapid, self-service access to a vehicle at all times:

- ① [www.mobility.ch](http://www.mobility.ch)

## Parking

You have a choice of several paying car parks and parking spaces. You can also park free of charge in designated areas for a limited duration and with a parking disc.

To park without time restriction in the free parking areas of your neighbourhood you can buy a parking badge. Annual tax: CHF 150.– (+ CHF 20.– charges). Warning: the badge does not guarantee a parking space.

## WASTE

### How to dispose of household waste

The Municipality encourages residents to sort waste and has adopted the “Bag tax”. Glass, paper, compost and plastic etc. should be sorted for recycling. Ordinary household waste is incinerated.

**Please note: you must only use taxed white and green bags with the inscription “Trier, c’est valoriser”.** You can purchase them in shops, at the cash desk or the information desk. They come in 17, 35, 60 and 110 litre sizes.

Taxed bags are collected by the refuse service twice a week. If your building does not have a refuse container, you can leave your bag in the street. Please leave it before 6am on collection day. The household waste brochure in your Welcome pack gives you all the information about collection days in your neighbourhood.

 [www.montreux.ch/dechets](http://www.montreux.ch/dechets)

Paper and compost are collected once a week. You do not require to use a taxed bag for paper. Compost must be placed in a special container or in a compost bag which can be purchased in supermarkets.

Other waste to be sorted – glass, plastic, metal, bulky waste, etc. – must be taken to the permanent waste collection site or itinerant waste collection point. Some items such as glass can be brought to your nearest ecopoint.

### What is bag tax?

Montreux applies bag tax in order to encourage improved waste management, to protect the environment and to conform to federal and cantonal recommendations.

The principle:

- Bags for incinerable household waste are taxed (for example CHF 1.95 per 35 litre bag).
- Other waste must be sorted and brought to collection points.
- Each region has its own bags. The communes of Corsier-sur-Vevey, Corseaux, Chardonne, Jongny, La Tour-de-Peilz, Montreux, Veytaux and Vevey belong to the same zone.
- You will find all necessary information concerning the list of waste to be sorted and collection points on [www.montreux.ch/dechets](http://www.montreux.ch/dechets) or in the waste disposal brochure in your welcome pack.

## Municipal waste disposal site

A permanent waste disposal site is available near the motorway access road at Chailly  
Route des Châtaigniers 13 bis, 1816 Chailly

Please note: you need a magnetic card to access the site. It confirms that you are a resident of the commune. You will find it in your Welcome pack. Keep it safe!

- ① **OPENING HOURS OF THE WASTE DISPOSAL SITE**  
Tuesday, Thursday and Friday: 9am-12noon and 2pm-6pm  
Wednesday: 9am-12noon and 2pm-7pm  
Saturday: 9am-4pm non-stop  
Sunday and Monday, and holidays: closed  
Closed at 4pm the day before public holidays

## Your nearest mobile waste collection point

Mobile waste collection points are available on certain dates on Wednesday afternoons and Saturday mornings in neighbourhoods and villages.

Precise dates and locations in your welcome pack, on

- ① [www.montreux.ch/dechets](http://www.montreux.ch/dechets) and [www.memodechets.ch](http://www.memodechets.ch)

or from the roads and green spaces department:

- ① Route de Brent 6, 1816 Chailly-Montreux  
[vev@montreux.ch](mailto:vev@montreux.ch)  
☎ 021 989 87 20

## A useful tip

### A new lease of life for objects in good condition

At the waste collection site in Chailly you will find a "second life" corner where residents can deposit and choose various used objects which are still in good condition. An excellent way to promote recycling!
